Summary

- Creative and resourceful software professional skilled in problem-solving, software development, and teamwork. Passionate about building impactful applications and driving innovation in dynamic environments.

Education

Dr. Ambedkar Institute of Technology, Bangalore

B.E. in Information Science and Engineering

2022 – Present

CGPA: 8.12 (up to 7th sem)

Sri JCBM PU College, Sringeri

Pre-University Education

2020 – 2022

Percentage: 83%

Jnanavahini English Medium High School, Koppa

Secondary Education

2010 – 2020

Percentage: 92.4%

Skills

- **Languages & Tools:** C++, Python, MySQL, Flask, Streamlit, TensorFlow, Scikit-learn, Pandas, Numpy, Git
- **Core Competencies:** Data Structures & Algorithms, Object-Oriented Programming, Machine Learning, Operating Systems
- **Soft Skills:** Problem Solving, Leadership, Time Management, Analytical Thinking

Experience

AI/ML Intern – SuprMentr Technologies Pvt. Ltd. | Remote

Feb 2026 - Present

Smart Document Analyser

- Developed a Smart Document Analyser for automated data extraction using NLP techniques.
- Implemented text preprocessing methods such as tokenization and TF-IDF.
- Worked with machine learning models and basic computer vision using OpenCV.
- Gained experience in API integration, data processing, and real-world problem solving.

Projects

Parkinson's Disease Detection – ML + Web Application

- Built an ML-powered web application using **React, FastAPI, and scikit-learn** for real-time Parkinson's disease prediction with efficient preprocessing and inference.

TRATA – The Protector – Android Emergency App

- Developed an Android emergency application with **SOS alerts, GPS tracking, Firebase integration, and SMS fallback** for reliable communication in critical situations.

Dog Breed Classification – ML Web Application

- Created a web app using **Flask and TensorFlow** to classify dog breeds from images using **CNN-based prediction with confidence scoring**.

Gold Price Tracker – Next.js, TypeScript

- Built a real-time gold price tracking application with **live API integration, 7-day prediction, and country-wise comparison**, deployed on Vercel.

Achievements

- Zone Level Participant – TCS IT Quiz, 2025
- TRATA - The Protector, Dr. AIT – Special Recognition
- Published research paper titled “TRATA – The Protector” in **International Journal for Research in Applied Science & Engineering Technology (IJRASET)** (2025)

Extracurricular Activities

- Actively coordinated college cultural events
- Participated in workshops and seminars on emerging technologies and software products
- Volunteered for NSS activities and blood donation camps
